

Rogers Yahoo! Mail change FAQs

As of April 3, 2024, customers will no longer be able to create email addresses through Rogers Yahoo! mail.

Can I use the Member Centre to create my primary Rogers Yahoo! mail address?

No, registration for new Rogers Yahoo! email addresses is no longer available. This feature was removed on April 3, 2024.

Why is the option to create new email addresses no longer available?

We continually assess our offerings and occasionally, make changes to reflect our customers' evolving usage trends.

What are my other options to create a new email address?

If you're in need of a new email address, there are a variety of third-party email providers that offer unique email features to suit different needs.

What happens to my existing Rogers Yahoo! mail accounts?

There are no changes for existing email addresses, they'll continue to work as usual.
